

Development Agreement
Morrison Ranch Planned Unit Development – Filing 1

This agreement is made and entered into as of this _____ day of _____, 2017, by and between the City of Sheridan, a municipal Corporation in the State of Wyoming, hereinafter known as the “City”, and Morrison Ranch, LLC, owner and developer of the Morrison Ranch Planned Unit Development – Filing 1, (and/or assigns), hereinafter known as the “Developer”. The City and Developer for their mutual benefit and consideration agree to the terms and conditions as listed herein for development of the Morrison Ranch Planned Unit Development – Filing 1. This agreement supersedes and replaces any previous Development Agreement between the parties for Morrison Ranch Planned Unit Development – Filing 1.

Section 1. GENERAL CONDITIONS

- A. The development of the Morrison Ranch Planned Unit Development – Filing 1, is subject to the requirements in Appendix B – Subdivision Regulations of Sheridan Municipal Code, as well as adopted City of Sheridan Design Standards for Street and Utility Construction.
- B. The areas marked as common or open space on the approved Final Plat, shall be placed in the ownership of a permanent private entity responsible for long term maintenance, and shall remain open and free from any buildings or structures, except those permitted under the Morrison Ranch PUD O.S. and Parks-Principals, Guidelines and Standards.
- C. The Morrison Ranch Planned Unit Development – Filing 1, consists of three (3) separate phases described below:

Phase 1A (off-site)

This phase consists of the installation of off-site sanitary sewer main east of Big Horn Avenue, as well as the installation of off-site water and sanitary sewer mains within the Wyoming Department of Transportation right-of-way up to the limits of Morrison Ranch Road, west of Big Horn Avenue.

This phase of the development was completed in the summer of 2014 and has been accepted by the Sheridan City Council.

Phase 1B (off-site & on-site)

This phase consists of the paving of the two (2) approaches to the subdivision from Big Horn Avenue (Morrison Ranch Road and Emergency Access Road) within the Wyoming Department of Transportation right-of-way, the earthwork grading associated with the development, and the installation of portions of the storm drain system within the development to accommodate the earthwork grading.

Development Agreement
Morrison Ranch Planned Unit Development – Filing 1

This phase of the development was completed in the fall of 2016 and has not been accepted by the Sheridan City Council. The Developer plans to seek acceptance of this phase once the remainder of on-site infrastructure associated with development, as described herein as Phase 1C (on-site), has been completed.

Infrastructure improvements for this phase of the development, as well associated financial assurance currently in place are shown in Appendix B of this agreement.

Phase 1C (on-site)

This phase will consist of the installation of all remaining infrastructure associated with the development, including: the water system, sanitary sewer system, storm drainage system, dry utilities, final earthwork grading within roadway corridors, curb & gutter, approaches, sidewalk, paving, pedestrian pathway rough-in, street signage, and functional lighting at roadway intersections. The limits of this phase are reflected in Appendix A of this agreement.

Infrastructure improvements associated with this phase of the development are anticipated to be completed by December 31, 2018 or no later than one (1) year after beginning construction, whichever occurs first.

- D. Landscaping improvements, including entryway signage, associated with the development will be completed within two (2) years from the date of Final Acceptance by Sheridan City Council of Phase 1B and Phase 1C. A landscaping plan, approved by the City, and associated financial assurance must be in place prior to acceptance of Phase 1C by Sheridan City Council.
- E. Prior to the commencement of any remaining phase of the Morrison Ranch Planned Unit Development – Filing 1 (Phase 1C), the Developer shall provide financial assurances meeting the requirements outlined in Sheridan City Code Appendix B, Sections 701 and 702, including 10% contingency fee. Upon verification by the City Engineer of completion of each portion of infrastructure or phase of development.

Development Agreement
Morrison Ranch Planned Unit Development – Filing 1

Financial Assurances for remaining infrastructure associated with the development (Phase 1C) shall cover the following estimated costs, as further outlined in the Engineer's Opinion of Probable Construction Cost included as Appendix C of this report.

1. Phase 1C (on-site)

a. Roadway Improvements	\$ 1,103,450.00
b. Water System Improvements	\$ 438,596.00
c. Sanitary Sewer System Improvements	\$ 402,820.00
d. Storm Drainage Improvements	<u>\$ 178,550.00</u>
e. Public Infrastructure Plus 10% Contingency	\$ 2,335,757.60

- F. Building permits will be issued as per the requirements of the Building Department and Sheridan Municipal Code Appendix B, Section 707 as applies to the portion of development underway. In no case shall a building permit be issued for a lot located in a phase for which public infrastructure installation has not begun and the requirements of Sheridan City Code Appendix B Section 707 have not been met.
- G. The Developer agrees and shall clearly notify all potential purchasers and future owners of any portion of the Morrison Ranch Planned Unit Development – Filing 1 that no building permit will be issued for any lot or portion of a lot until the requirements of Sheridan City Code Appendix B, Section 707 and the terms hereof have been met. This includes clear written notice of the above referenced requirements, and the availability of public utilities. Said notice and understanding shall be included in all sales materials and purchase agreements.
- H. The Developer shall indemnify the City of Sheridan from any claim from Developer and any future owner of property within the Morrison Ranch Planned Unit Development – Filing 1, for the right to obtain a building permit from the City of Sheridan prior to the requirements hereof being fulfilled. Further, the City of Sheridan shall in no way facilitate access nor maintain any right-of-way for any phase of the Morrison Ranch Planned Unit Development – Filing 1, until all infrastructure within the phase has been installed and accepted by the Sheridan City Council.
- I. The developer shall provide test results, inspection reports, suitable mylar as-built drawings, and electronic as-built drawings certified by a registered professional engineer, verifying satisfactory completion for water and sanitary sewer utilities for each phase of the Morrison Ranch Planned Unit Development – Filing 1. Water and sanitary sewer utilities shall be approved and accepted by the City prior to issuance of building permits for the Morrison Ranch Planned Unit

Development Agreement
Morrison Ranch Planned Unit Development – Filing 1

Development – Filing 1. Acceptance of sanitary sewer utilities will include video inspection by City personnel. Verification for services of franchise utilities must be provided upon signing of this agreement.

- J. Placement of ancillary utilities and services in platted easements, including but not limited to: cable television, gas, electricity, and telephone service, will be coordinated with the installation of water and sanitary sewer service lines and sidewalks to avoid interference with, or damage to, any service or utility properly installed in a platted easement. The Developer shall be responsible for repairs to any City utilities for which lack of coordination led to damage.

Section 2. COMPLIANCE WITH TERMS AND CONDITIONS

The Developer agrees to comply with the terms of this Agreement, including all deadlines, contained in Section 1. Should the Developer fail to comply with any of the conditions in Section 1 of this Agreement, the City will send a letter to the Developer listing the conditions for which Morrison Ranch Planned Unit Development – Filing 1, are not compliant. The City reserves the right to withhold any future development approvals for Morrison Ranch Planned Unit Development – Filing 1, if the Developer does not propose appropriate remedies which are reasonably acceptable to the City to eliminate the non-compliance(s) within two weeks of the date of the letter of non-compliance.

Section 3. EFFECTIVE DATE

This Agreement shall be effective upon the date listed in the first paragraph on page 1.

Section 4. TERMINATION

This Agreement may be amended, revised, or terminated only by the mutual consent of both parties.

Section 5. SEVERABILITY

If any provision or portion of this agreement is declared by any court of competent jurisdiction to be void, unconstitutional, or unenforceable, then all remaining provisions and portions of this agreement shall remain in full force and effect.

Section 6. GOVERNMENTAL IMMUNITY

Nothing in this Agreement shall in any way be deemed a waiver of any of the requirements or immunities provided by the Wyoming Governmental Claims Act.

Development Agreement
Morrison Ranch Planned Unit Development – Filing 1

IN WITNESS WHEREOF, the parties execute this agreement as of the date set forth above.

Morrison Ranch Planned Unit Development – Phase I
Ridgepoint Consulting Project No. 201311 & 201611

Dear Lane,

Since the completion of the off-site sanitary sewer and water system improvements associated with the Morrison Ranch Planned Unit Development – Phase I in the summer/fall of 2014, the development has set idle until this summer when the Owner elected to proceed with the on-site overlot grading for the subdivision. In addition to the grading work currently taking place, this fall the Owner would also like to complete a portion of the development's storm drainage improvements to accommodate the new grading, as well as all other approach and utility improvements that would need to occur within the WYDOT Right-of-Way as part of the development. The goal being to have all improvements within the WYDOT Right-of-Way completed this year. Currently, all necessary WYDOT permits (Access Permit, Encroachment Permit & M-54 Permit) are in place and set to expire in the summer of 2017. Plan sheets reflecting the approach and utility work that would occur this fall are attached to this letter as Exhibit A; a general overview of this project is as follows:

Schedule 1 – Approach Improvements: Includes \pm 150 Square Yards of 6" Class A Concrete Pavement, \pm 140 Square Yards of 4" Hot Plant Mix Bituminous Pavement, \pm 110 Lineal Feet of Curb and Gutter, \pm 60 Square Yards of Concrete Fillet and Curb, \pm 60 Square Yards of Concrete Sidewalk, Subgrade Preparation, furnishing and placing Crushed Aggregate Base Course, Sign and Post Installation, and other miscellaneous construction within the Morrison Ranch Subdivision.

Schedule 2 – Water System: Includes Fire Hydrant Extension – 2.5' of the existing barrel section of a fire hydrant associated with the Morrison Ranch Subdivision.

Schedule 3 – Sanitary Sewer System: Includes the \pm 28 Lineal Feet extension of an existing 10" PVC sanitary sewer main and other various work to the existing sanitary sewer appurtenances associated with the Morrison Ranch Subdivision.

Schedule 4 – Storm Drain System: Includes the installation of \pm 436 Lineal Feet of 12", 18", 30" and 36" RCP storm drain, 4 storm drain catch basins, 1 storm drain manhole, 1 storm drain

Mr. Lane Thompson, PE
August 5, 2016
Page 2 of 2

detention pond outlet structure, 4 flared end sections, a concrete trickle channel, as well as other various work associated with these storm drain improvements.

As shown, Schedule 2 and Schedule 3 of the project include very minor modifications to the existing water and sanitary sewer systems that were installed as part of the off-site improvements that occurred in 2014. In general, this work was covered under DEQ Permit No. 08-602 but was not completed in its entirety at the time of other off-site utility improvements. Our intent would be to complete these minor improvements this fall as part of the existing permit. New DEQ Permits would be obtained for any additional sanitary sewer or water system improvements associated with the development moving forward within the limits of the Morrison Ranch Planned Unit Development – Phase 1.

Bids were obtained for approach and utility project on July 14, 2016, and the Owner has elected to award this portion of the work to LJS Concrete & Excavating. A spreadsheet showing the contract values for these improvements is attached to this letter as Exhibit B. Also attached to this letter as Exhibit C, is the Owner's financial assurance to the City meeting the requirements outlined in Sheridan City Code Appendix B, Sections 701 and 702, including 10% contingency. The Owner is hoping to begin this work upon the completion of the current grading near the end of August, so your approval and/or any input you have regarding this work prior to that time would be greatly appreciated.

Ridgepoint Consulting would provide Construction Administration services for this project, as well as coordinate with appropriate City staff throughout its duration. Upon completion of this portion of the development, the Owner would like to work with the City to revisit the current development agreement for the Morrison Ranch Planned Unit Development – Phase 1 and modify the construction phasing to better reflect the status of the project in 2016, as well as the intents of the Owner moving forward. We sincerely appreciate the City's assistance thus far keeping this project moving forward, and we look forward to continuing to work with the City as the project continues to progress towards completion.

Please contact us with any questions you may have.

Respectfully,

Ridgepoint Consulting
Chad E. Lynn, PE
Project Manager

1. LETTER OF CREDIT. Issuer establishes this Irrevocable Standby Letter of Credit (Letter of Credit) in favor of Beneficiary in the amount indicated above. Beneficiary may draw on this Letter of Credit with a Draft (or Drafts, if the maximum number of drawings is greater than one). Each Draft shall be signed on behalf of Beneficiary and be marked "Drawn under First Northern Bank of Wyoming Letter of Credit No. LOC #127 dated September 12, 2017." Drafts must be presented at Issuer's address shown above on or before the Expiration Date. The presentation of any Draft shall reduce the Amount available under this Letter of Credit by the amount of the draft.

This Letter of Credit sets forth in full the terms of Issuer's obligation to Beneficiary. This obligation cannot be modified by any reference in this Letter of Credit, or any document to which this Letter of Credit may be related.

This Letter of Credit expires on the Expiration Date.

2. DRAWINGS. Partial drawings shall not be permitted under this Letter of Credit. "Draft" means a draft drawn at sight.

3. DOCUMENTS. Each Draft must be accompanied by the following, in original and two copies except as stated:

- A. The original Letter of Credit, together with any amendments.
- B. A sight draft drawn by Beneficiary on Issuer.

Issuer shall be entitled to accept a draft and the documentation described above, as required by the terms of this Letter of Credit, from any person purporting to be an authorized officer or representative of Beneficiary without any obligation or duty on the part of Issuer to verify the identity or authority of the person presenting the draft and such documentation.

4. EXPIRATION DATE. This Letter of Credit expires at the close of business at Issuer's address at 4:00 P.M. MOUNTAIN TIME (Time) on September 12, 2018 (Date). Issuer agrees to honor all Drafts presented in strict compliance with the provisions of this Letter of Credit on or before the Expiration Date.

5. NON-TRANSFERABLE. This Letter of Credit is not transferable.

6. APPLICABLE LAW. This Letter of Credit is governed by the International Standby Practices 1998 (ISP98). This Letter of Credit is also governed by the laws of Wyoming, except as those laws conflict with the International Standby Practices 1998 (ISP98).
