WATER LINE EASEMENT

For and in consideration of good and valuable consideration receipt of which is acknowledged and subject to the terms and conditions set forth below, Grantor conveys and warrants to Grantee an easement and right-ofway upon, across and under the following-described real property, described as:

SEE ATTACHED EXHIBITs "A" and "B"

Said easement is for Grantee, its employees, agents, contractors and assigns for entry upon and use of the premises described and shown on the exhibits for the purposes of surveying, designing, constructing, installing, inspecting, operating, maintaining, tapping, repairing, and replacing water lines and appurtenances as may be necessary or convenient; including service lines and laterals. This includes the right to operate machinery upon this property for these purposes. This easement includes the right of ingress and egress upon and across real property of Grantor at reasonable places and routes for aforesaid purposes. This deed of easement shall be binding upon Grantor's heirs and assigns and shall be perpetual so long as the easement is used for the purposes above recited. The use of this easement is not intended for other purposes.

At any time that Grantee must disturb lands within the area of this Easement, Grantee agrees to restore the surface to as near as practical to the original contours, repair trench settlement, re-establish grass growth, repair fences and ditches crossed, maintain drainage, and repair any buried pipes, electrical wires or other improvements owned by the Grantor.

Permanent improvements that would hinder future access to the water line cannot be constructed over the easement, but otherwise land use may be similar to current use.
