No street or any other area shall be used for the purposes of dismantling or repairing of any vehicle, and unregistered or inoperable vehicles may be parked and kept only within an enclosed garage.

(Q) No trailer, boat, camper, snowmobile, 4-wheeler, motorcycle, motor home, or other recreational type vehicle shall be situated or parked on any lot within the Development for more than four (4) consecutive days, nor more than twenty (20) days within any calendar year, unless such vehicles or equipment are enclosed in a garage or kept on a paved or otherwise prepared parking area located behind the front line of the residence. In addition, any of the above described items shall at all times be kept in good repair and present a neat appearance. All covers on boats, ATV's, and snowmobiles must be in good repair.

(R) All new utilities within the Development shall be underground, except during construction. The City of Sheridan and local utility companies will provide for the installation of utilities to a point available to each lot. The owner of each lot shall be responsible for hooking utilities to their home. The

(S) During the period of construction of any residence or other building upon any lot of the Development, the said lot and area shall be kept as neat and orderly as possible.

Homes, yards and landscaping shall be maintained in a manner that reflects pride in ownership and consistent with the standards of a development. Declarants or Architectural Committee, when constituted, shall have sole authority as to what meets that standard of care. If an owner is cited for violation of the standard of care, a \$25 per day fine may be assessed for each day the violation continues.

(W) If a lot owner rents a lot, and the renters violate these covenants, then Declarants or the Architectural Committee shall have the right to notify the lot owner of the violation, direct that the lot owner correct the violation, or remove said renters as soon as legally possible. Lot owners shall always be responsible to the Development for any violations of covenants by lot owner's renters.

(X) Common elements shall be maintained by lot owners through the Architectural Committee.

(Y) Additional restrictions or covenants not in conflict with the covenants herein may be made by appropriate provision in any contract or deed for the sale or conveyance of a lot, and such additional restrictions shall inure to the benefit of and be binding upon the parties in the same manner as they have been expressed herein.

ARTICLE III

(A) Assessments. The owner of any lot or lots shall be obligated to pay and shall pay to the Architectural Committee regular assessments as may be levied from time to time by the Architectural Committee for maintenance and repair of the common ground, recreation facilities, street maintenance, snow removal, and other improvements and services as may be required by the Development. Regular assessments shall be levied uniformly against each lot. Special assessments may be levied from time to time as needed, to pay for extraordinary costs and expenses, including but not limited to costs associated with legal action needed to enforce these covenants. Special assessments may be levied and allocated on the basis of individual lots or owners of multiple lots, as determined by majority vote of lots in the Development. The amount of any assessments shall be determined by a vote of a majority of the lots in the Development.

(B) The Architectural Committee shall have the power and authority to determine all matters in connection with assessments, including assessments and allocations of costs for maintenance of all common areas, streets and roads, and including the power and authority to determine where, when and how assessments shall be paid to the Committee consistent with this Amended Declaration, and each lot owner shall be required to comply with any such determination.

(C) Time For Payments. The amount of any assessment, or other amount payable with respect to any lot shall become due and payable thirty (30) days after notice that such amount shall have been given by the Architectural Committee to such lot owner, or at such later time as may be specified by the Committee. Any unpaid assessment amount shall bear interest at the rate of twelve percent (12%) per annum from the date due and payable.

(D) The Committee shall have a lien against each lot, in order to secure the payment of any assessment plus interest from the date due and payable, plus all costs and expenses of collecting the unpaid amount, including reasonable attorney's fees. The lien may be foreclosed in the manner for foreclosures of real estate mortgages in the State of Wyoming.

(E) No substantial improvements shall be undertaken in the common areas for the construction of which owners are to be assessed, without the consent of the owners of sixty percent (60%) of lots.

ARTICLE IV

- (iii) Furnish or perform any special service which enhances the use or enjoyment of any improvement or facility within the Development.

(B) Upon the creation of any Improvement and Service District within the Development, the Board of Directors of said Improvement and Service District may act as the Architectural Committee.

(C) These covenants shall be enforced and implemented by the Board of Directors of such Improvement and Service District, and all power and authority of the Architectural Committee shall be performed by the Board of Directors of the Improvement and Service District, including the power to levy and collect assessments as provided herein.

ARTICLE V

General Provisions

(A) Enforcement. Declarant and its successors and assigns shall have the sole and exclusive right and authority to enforce compliance with the covenants contained herein. Upon the violation of any covenant, or upon the failure to pay any assessments, a written notice of such violation or failure shall be delivered by hand or first class mail to the violator who shall then have forty-five (45) days after date of the said notice to correct the violation or pay the assessment due. If said violation is not so corrected or payment is not made, Declarant or its successors or assigns, may re-enter and take possession of the violator's premises and correct the violation and charge all costs

of such correction to the Owner. In addition, damages may be assessed against the violator at the rate of twenty-five dollars (\$25.00) per day for each day the violation continues after the forty-five (45) day notice. If an attorney must be retained to collect any sums due, or to enjoin the violation of any of the covenants contained herein, violator, in addition to any of the other penalties provided herein or which may be assessed by a Court, shall be liable for all attorney's fees and costs incurred by Declarant or its successor in bringing such action.

(B) Severability. Invalidation of any one of these covenants or restrictions by Judgment or Court Order or otherwise shall in no way effect any other provisions which shall remain in full force and effect.

(C) Amendment and Duration. The covenants and restrictions of these covenants shall be appurtenant to, run with, and be binding upon, the land and all occupiers of the land for a term of twenty (20) years from the date these covenants are recorded, after which time they shall automatically be extended for successive periods of ten (10) years. These covenants may be amended at any time by an instrument approved by the owners of seventy-five percent (75%) of the lots within the Development. All such amendments shall be recorded in the office of the County Clerk of Sheridan County, Wyoming.

(D) Successors and Assigns. These covenants shall be binding upon and shall inure to the benefit of the Architectural Committee, Homeowners Association, Improvement and Service District Board, and each owner, and the heirs, personal representatives, successors and assigns of each of them.

(E) Voting. Each lot shall be entitled to cast one vote in all cases which call for a vote. Lots owned by more than one person are entitled to only one vote per lot. Owners of multiple lots may cast one vote for each lot owned.

Article VI

SPECIAL COVENANT CONDITIONS AND STIPULATIONS

THESE COVENANTS SHALL APPLY ONLY TO LOTS 78 THROUGH 84 OF THE MOUNTAIN VIEW ESTATES PUD ADDITION.

OWNERS OF LOTS 78 THROUGH 84 ARE HEREBY ADVISED THAT THERE IS THE POTENTIAL FOR SETTLEMENT OF THE DIRT AND FILL MATERIALS UNDER THESE LOTS.

(A) Lots 78 thru 84 (not to include the originally platted lot 54, which has been combined with lot 84) contain fill material and are required to comply with the following four (4) conditions:

1) Permanent foundations may only be placed on deep piers through the fill material into in-situ soils. Prior to issuance of a building permit for any building requiring a permanent foundation, such foundation shall be designed by a professional engineer licensed in Wyoming. Foundation designs shall be submitted to the Architectural Committee prior to construction.

2) Due to the potential for settlement in the filled areas on these lots, homes placed by block and skirt may require periodic leveling.

3) Homes may not be placed closer than 20 feet from the edge of the slope.

4) Surface drainage shall be conveyed away from all structures and away from the slope area. If any surface water is directed to flow, or does flow, in a channel down the slope, such channels shall require erosion control measures to prevent erosion of the slope toward any structures.

(B) These special covenants, conditions and stipulations may not be amended without the approval of a professional engineer licensed in Wyoming, and the City Engineer of the City of Sheridan, Wyoming, or the duly authorized authority of the City of Sheridan, responsible for building construction.
