##### Water

(a) Domestic wells may be used for irrigation or sprinkling up to one (1) Acre of land. Adjudicated irrigation water may also be used for irrigation or sprinkling purposes within the subdivision. If a problem with the area wells arises, home use wells will take precedence over outside use wells.

The common areas and parks within the subdivision shall likewise be entitled to their prorata share of such water.

(c) The Architectural Committee shall, in accordance with Article V, levy assessments against the individual lots and lot owners for water, for the use of water, for the transportation of water, and the maintenance of all transportation facilities, and for the expenses incurred in conjunction with the distribution of such water, which assessments shall include all costs of the Architectural Committee obtaining the necessary water, maintaining ditches, distributing the water, and shall include all other costs incidental thereto. The assessments thus levied shall be made on the same prorata basis used for the distribution of water to individual lots.

#### ARTICLE V

(A) Regular Assessments. The owner of any single-family lot or lots shall be obligated to pay and shall pay unto the Architectural Committee water assessments as set forth in the foregoing Article IV, together with the overhead assessment for maintenance and repair of all of the common ground and recreation facilities, as well as for street maintenance.

(B) The Architectural Committee shall have the power and authority to determine all matters in connection with assessments, including assessments and allocations of costs for maintenance of all common areas, streets and roads, and including the power and authority to determine where, when and how assessments shall be paid to the Committee consistent with this Amended Declaration, and each lot owner shall be required to comply with any such determination. There will be NO PUBLIC MAINTENANCE OF STREETS OR ROADS.

(C) Time For Payments. The amount of any assessment, or other amount payable with respect to any lot shall become due and payable thirty days after notice that such amount shall have been

given by the Architectural Committee to such lot owner, or at such later time as may be specified by the Committee. Any amount shall bear interest at the rate of twelve percent (12%) per annum from the date due and payable.

(D) The Committee shall have a lien against each single-family lot, in order to secure the payment of any assessment plus interest from the date due and payable, plus all costs and expenses of collecting the unpaid amount, including reasonable attorney's fees. The lien may be foreclosed in the manner for foreclosures of real estate mortgages in the State of Wyoming.

(E) No substantial improvements shall be undertaken in the common areas for the construction of which owners are to be assessed, without the consent of sixty percent (60%) of all owners of a single-family lot.

#### ARTICLE VI

##### General Provisions

(A) Enforcement. Declarant and its successors and assigns shall have the sole and exclusive right and authority to enforce compliance with the covenants contained herein. Upon the violation of any covenant, or upon the failure to pay any assessments, a written notice of such violation or failure shall be directed to the violator who shall then have forty-five (45) days after receipt of the said notice to correct the violation or pay the assessment due. If said violation is not so corrected or payment is not made, Declarant or its successors or assigns, may re-enter and take possession of the violator's premises and correct the violation and charge all costs of such correction to the Owner. In addition, damages may be assessed against the violator at the rate of twenty-five dollars (\$25.00) per day for each day the violation continues after the forty-five (45) day notice. In the event suit is required to collect any sums due, or to enjoin the violation of any of the covenants contained herein, violator, in addition to any of the other penalties provided herein or which may be assessed by a Court, shall be liable for all attorney's fees and costs incurred by Owner or its successor in bringing such action.

(B) Severability. Invalidation of any one of these covenants or restrictions by Judgment or Court Order or otherwise shall in no way effect any other provisions which shall remain in full force and effect.

(C) Amendment and Duration. The covenants and restrictions of this Restatement shall run with, and be binding upon, the land for a term of twenty (20) years from the date this Restatement is recorded, after which time they shall automatically be extended for successive periods of ten (10) years. This Restatement may be amended at any time by an instrument signed by seventy-five percent

(75%) of the individuals who own lots within the subdivision, and all such amendments must be recorded in the office of the County Clerk of Sheridan County, Wyoming.

(D) Successors and Assigns. The Restatement shall be binding upon and shall inure to the benefit of the Homeowners Association and each owner, and the heirs, personal representatives, successors and assigns of each of them.
