The undersigned hereby relinquish(es), release(s) and waive(s) all rights, distributive share or homestead interest under and by virtue of the homestead exemption laws of the State of Wyoming, to the extent necessary to permit the Association the free enjoyment of the rights herein conferred; and to place, construct, operate, repair, maintain, relocate and replace thereon and therein and to include in addition thereto such rights upon all streets, roads and highways abutting said lands an electric transmission or distribution line or system, and to license, permit or otherwise agree to the joint use or occupancy of the line or system by any other person, association, or corporation for electrification or telephone purposes, and to cut and trim trees and shrubbery to the extent necessary to keep them clear of said electric line or system and to cut down from time to time all dead, weak, leaning or dangerous trees that are tall enough to strike the wires thereof in falling.

In granting this easement it is understood that the location of the poles will be such as to form the least possible interference to farm operations, so long as it does not materially increase the cost of the construction.

The undersigned agree(s) that all poles, wires and other facilities, including any main service entrance equipment, installed on the above-described lands at the Association's expense shall remain the property of the Association, removable at the option of the Association, upon termination of service to or on said lands.

The undersigned covenants that he (or they) is (or are) the owner(s) of the above-described lands and that the said lands are free and clear of encumbrances and liens of whatsoever character except those held by the following persons:
