Multiple owners may not change the designation of the Member more often than once each year, except in the event of death or incapacity of the Member. After that time, the Members of the Committee shall be elected for calendar year terms by a majority vote of the Members of the Homeowners' Association. Following sale of all Tracts by the Declarant, a majority of the Owners may, at any time, call a special meeting and, by majority vote, remove and replace any member or all members of the Committee.

6.02 Powers and Duties. The Committee shall have the following powers and duties:

- (g) To maintain and operate the irrigation water distribution system within the Property, and to act on behalf of the Homeowners' Association, which is also a water users association for water ownership and administration purposes, to order, manage and distribute irrigation water; and
- (h) To perform other duties and responsibilities as otherwise set forth in the Declaration.

6.03 Liability Limitations. No building, fence, wall or other structure or improvement shall be commenced, erected or maintained upon the Property (except for initial construction of roads and infrastructure by the Declarant), nor shall there be any addition to or change to the exterior of any residence or other structure or improvement upon a Tract or the landscaping, grading or drainage from a Tract, except in compliance with plans and specifications (collectively, "Plans") which have been submitted to and approved by the Committee.

7.03 Variances. In the approval or disapproval of Plans in accordance with this Declaration, the Committee shall have discretion to permit reasonable variances from the specific requirements and limitations in this Declaration, specifically to allow for variations of terrain, consistency of design, compliance with other laws and regulations, and fair use of private property, provided that such variances shall be permitted only after giving due consideration to the reasonable needs of and effects upon Owners of the Tract directly affected and Adjoining Tracts.

7.04 Non-Liability for Approval of Plans. Neither the Committee, its Members, the Homeowners' Association, nor the Declarant shall be liable to any Owner or other person for any damage or loss suffered or claimed on account of (a) the approval or disapproval of any Plans, whether or not defective, (b) the construction or performance of any work, whether or not pursuant to approved Plans, or (c) the development or manner of development within the Property. Approval of Plans by the Committee shall not be deemed to be a representation or warranty that the Plans comply with applicable laws or regulations, including zoning ordinances and building codes.

7.05 Inspection and Approval. Any member or authorized consultant of the Committee may at any reasonable time enter upon any Tract after reasonable notice to the Owner in order to inspect improvements constructed or being constructed on such Tract to ascertain that such improvements have been or are being built in compliance with this Declaration and Plans approved by the Committee. The Committee shall cause an inspection of Plans or premises to be undertaken and the Committee shall respond in writing to requests for approval within 30 days of a request from any Owner as to his/her Tract.

ARTICLE VIII

The Homeowners' Association shall have a lien against each Tract to secure the payment of all assessments levied pursuant to this Declaration, and expenses incurred in connection with the enforcement of the lien, including interest, costs and reasonable attorneys' fees. Such lien shall be subordinate only to tax liens of the State of Wyoming and its political subdivisions for taxes past due and unpaid on the Tract. Each lien may be enforced by appropriate judicial proceedings, and the amounts secured by the lien shall be the obligation of the Owner.
