SOUTH BERM EASEMENT

Powder Horn Ranch 2, LLC, a Wyoming limited liability company, GRANTOR, for and in consideration of the sum of Ten and 00/100 Dollars (\$10.00) and other good and valuable consideration the receipt of which is hereby acknowledged, does hereby grant and reserve an easement over and across Lots 6, 7, 8 and 9, Lot 11, Powder Horn, South Fork Subdivision, a subdivision in Sheridan County, Wyoming, in the location described on **Exhibit "A"** and illustrated on **Exhibits "B" and "C"**, both of which are attached hereto and incorporated herein (the "Easement Route") for the following purposes.

Intent and Purpose of Easement. Grantor's intent and purpose in granting/reserving this easement is for the maintenance, repair, vegetation and irrigation of a landscaped berm to visually separate and mitigate road traffic along Bird Farm Road from the homes and residential uses in the Powder Horn Ranch II PUD.

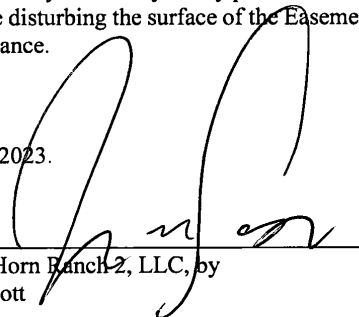

Grant of Easement For Benefit of Powder Horn Ranch PUD. Grantor grants and reserves this easement over and across said Easement Route to and for the benefit of Grantor and the Powder Horn Homeowners Association, Inc., (the "Association"), with the following express rights:

1. Grantor and the Association shall have the right to place, maintain and repair a landscaping berm, irrigation water lines and to plant vegetation (including but not limited to grasses, plants, shrubs and trees) within the Easement Route. The initial intent of the plantings is as follows: from the top one-third of the South side of said berm to the south boundary line of the lots shall remain grasses to establish a green, low ground-cover to stabilize the berm, the species of such grasses shall be designated by Grantor or the Association.
2. The record owners of the lots over which this Easement Route traverses may plant vegetation in the bottom two-thirds of the north side of the berm. *Provided however*, no owner shall place any improvement or plants/trees on their lot in such a manner or location that their will be higher than the peak of the berm.
3. The Association shall have the exclusive right to approve any and all landscaping that the owner of any of the affected Lots may wish to plant within the Easement Route.
4. Grantor and the Association shall have the right to use the water line(s) in the Easement Route to irrigate the plantings within the Easement Route and areas outside the Easement Route along the highway-side of the berm. Access to the Easement Route shall be primarily from the south (i.e., highway-side) and not across the respective Lot(s) except when the Association deems it necessary for equipment to access across the Lot.

Neither Grantor nor its successors shall bear any responsibility or liability to any person or entity using the Easement Route by reason of this easement. Anyone disturbing the surface of the Easement Route shall reclaim the same to its condition before the disturbance.

This easement shall run with the land.

WITNESS my hand this 19 day of Sept, 2023.
