Said tract of land contains 10.00 Acres and is delineated on Figure 4.

This report meets the requirements of Wyoming Statutes 15-1-402 detailed on page 10 of this report. This information is available for review by the residents of the City of Sheridan, and will also be used by the Sheridan City Planning Commission and City Council in considering the annexation request.

ANNEXATION CHARACTERISTICS & PROPOSED ZONING

The proposed annexation areas are shown on the maps featured on the pages that follow (See Figures 1-5 Maps). The zoning being assigned to the aforementioned properties is as follows:

- AREA NO. 1 : To be zoned B-1.
- AREA NO. 2 : To be zoned R-1.
- AREA NO. 3 : To be zoned R -1.
- AREA NO. 4 : To be zoned M-1.
- AREA NO. 5 : To be zoned M-1.

STATUTORY REQUIREMENTS

Wyoming Statute 15-1-402 sets specific requirements for annexation documentation. Section 15-1-402(a) requires that the annexation report contain, at a minimum, the following information:

- (i) A map of the area to be annexed showing identifiable landmarks and boundaries and the area which will, as a result of the annexation, then be brought within one-half (1/2) mile of the new corporate limits of the city, if it has exercised the authority granted under W.S. 15-3-202(b)(ii);
- (ii) The total estimated cost of infrastructure improvements required of all landowners by the annexing municipality related to the annexation;
- (iii) A list of basic and other services customarily available to residents of the city or town and a timetable when those services will reasonably be available to the area proposed to be annexed;
- (iv) A projected annual fee or service cost for services described in paragraph (iii);
- (v) The current and projected property tax mill levies imposed by the municipality;
- (vi) The cost of infrastructure improvements required within the existing boundaries of the municipality to accommodate the proposed annexation.

Additionally, WS 15-1-402 requires that the City Council be able to make the following findings as part of the adoption of the annexation ordinance:

- (i) An annexation of the area is for the protection of the health, safety and welfare of the persons residing in the area and in the city or town;
- (ii) The urban development of the area sought to be annexed would constitute a natural, geographical, economical and social part of the annexing city or town;
- (iii) The area sought to be annexed is a logical and feasible addition to the annexing city or town and the extension of basic and other services customarily available to residents of the city or town shall, within reason, be available to the area proposed to be annexed;
- (iv) The area sought to be annexed is contiguous with or adjacent to the annexing city or town, or the area meets the requirements of W.S. 15-1-407;
- (v) If the city or town does not own or operate its own electric utility, its governing body is prepared to issue one (1) or more franchises as necessary to serve the annexed area pursuant to W.S. 15-1-410; and

(vi) The annexing city or town, not less than twenty (20) business days prior to the public hearing required by W.S. 15-1-405(a), has sent by certified mail to all landowners and affected public utilities within the territory a summary of the proposed annexation report as required under subsection (c) of this section and notice of the time, date and location of the public hearing required by W.S. 15-1-405(a).

TOTAL ESTIMATED COST OF INFRASTRUCTURE IMPROVEMENTS

All of the private properties in the proposed annexation areas already have access to City or Sheridan Area Water System (SAWS) transmission mains. Properties 447 Canfield, 1738 and 1814 Kroe Lane currently are not connected to City sewer and may remain on their existing septic system until such a time when the septic system has failed and/or the property becomes within 400 ft of a City sanitary sewer main. No further improvements will be necessary at this time to provide services.

SERVICES CUSTOMARILY AVAILABLE TO RESIDENTS OF THE CITY OR TOWN AND SCHEDULE OF AVAILABILITY

The City of Sheridan typically provides the following services for all residents:

- Centralized Water and Sewer Distribution and Disposal
- Solid Waste Collection
- Street Maintenance
- Police Protection
- Fire and Ambulance (EMS)
- Maintenance of Parks and Open Areas

Water and Sewer Service

As stated above, all of the properties have access to existing water mains. 1738 Kroe and 447 Canfield are over 400 ft from a City sanitary sewer main. Other properties have access to existing sewer mains.

Solid Waste Collection

The City of Sheridan Solid Waste Division will be able to service all of the properties subject to the standard collection fees assessed to all city customers.

Street Maintenance

The City already maintains the roads surrounding the properties.

Police Protection/Fire and Ambulance EMS

At present it is not anticipated that any additional funding will be necessary for police or emergency services to serve these areas.

Maintenance of Parks and Open Areas

No additional public park land or open space is anticipated as an immediate result of these annexations.

THE CURRENT AND PROJECTED PROPERTY TAX MILL LEVIES IMPOSED BY THE MUNICIPALITY

Present and future property owners will be subject to additional municipal mill levy based on use of the property and County assessment. The current mill levy from the county for each property is listed below:

- 447 Canfield Street - 66.5 mill levy
- 1305 Leopard Street - 66.5 mill levy
- Tract of Land Adjacent to 1872 Fairway Lane - 63.5 mill levy
- 1738 Kroe Lane - 66.5 mill levy
- 1814 Kroe Lane - 66.5 mill levy

The projected mill levy for all the properties is 71.5.

THE COST OF INFRASTRUCTURE IMPROVEMENTS REQUIRED WITHIN THE EXISTING BOUNDARIES OF THE MUNICIPALITY TO ACCOMMODATE THE PROPOSED ANNEXATIONS.

No further improvements are anticipated as being necessary for the proposed annexation area to meet the present uses.

REVIEW OF FINDINGS REQUIRED UNDER WS 15-1-402

The City Council is required to make specific findings regarding the annexation proposal per state law. The following is staff commentary on these particular requirements.

An annexation of the area is for the protection of the health, safety and welfare of the persons residing in the area and in the city or town.

The private properties already benefit from access to water mains. New structures built within these areas will be thoroughly inspected for compliance with International Building Code Standards, reducing risk of fire or other adverse damage.

The urban development of the area sought to be annexed would constitute a natural, geographical, economical and social part of the annexing city or town.

All of the proposed annexations represent logical extensions that fill towards the existing corporate limits.

The area sought to be annexed is a logical and feasible addition to the annexing city or town and the extension of basic and other services customarily available to residents of the city or town shall, within reason, be available to the area proposed to be annexed.

All of the private properties in question already receive some City services. Providing the remainder of City services to these property owners will be straightforward.

The area sought to be annexed is contiguous with or adjacent to the annexing city or town, or the area meets the requirements of W.S. 15-1-407.

The proposed annexations all abut the corporate limits of the City, and in some cases are surrounded by the corporate limits.

If the city or town does not own or operate its own electric utility, its governing body is prepared to issue one (1) or more franchises as necessary to serve the annexed area pursuant to W.S. 15-1-410.

The City will honor its franchise agreements with existing electrical utilities.

The annexing city or town, not less than twenty (20) business days prior to the public hearing required by W.S. 15-1-405(a), has sent by certified mail to all landowners and affected public utilities within the territory a summary of the proposed annexation report as required under subsection (c) of this section and notice of the time, date and location of the public hearing required by W.S. 15-1-405(a).

At the date of the preparation of this annexation report, the city staff has, and will continue to abide by the state notification requirements.

CONCLUSIONS

Upon review of the proposed annexations, City Staff believes they meet the requirements of state law, and overall would be to the benefit of current and future residents.
